

include/singletonObjectPool.hpp

```
graph TD; A[include/singletonObjectPool.hpp] --> B[mutex]; A --> C[iostream];
```

The diagram illustrates a C++ header file's dependencies. A central box at the top contains the text 'include/singletonObjectPool.hpp'. Two blue arrows originate from the bottom center of this box and point downwards to two separate boxes below. The left box contains the text 'mutex' and the right box contains the text 'iostream'. This represents the header file including both the mutex and iostream libraries.

mutex

iostream
