

build/generated/location.hh

```
graph TD; A[build/generated/location.hh] --> B[iostream]; A --> C[string];
```

The diagram illustrates a file path 'build/generated/location.hh' in a grey box at the top. Two blue arrows originate from the bottom of this box and point downwards to two separate white boxes. The left box contains the text 'iostream' and the right box contains the text 'string'.
